

Rinae Tshivhinda

Computer Sciences Graduate

A young IT professional who has completed BSc in computer sciences. I have a passion for coding and I am focused on digital distribution to bring a positive transformation in our everyday life, I communicate well, and work well both individually and in a team. Without listing all the programming languages I have been exposed to, I will promise the ability to learn anything required for the task at hand. I am looking for an opportunity with a rapidly growing organization that can provide me with a range of goals and job objectives within a contemporary and economical business setting.
